

# Clinical Pediatrics—Subject Index, 1987

## A

- Abdomen, pregnancy in, full-term, 186
- Abdominal wall, giant omphalocele, nonsurgical treatment, 35
- Acanthamoeba* keratitis, contact lens wear and, 151
- Achromobacter xylosoxidans* meningitis, 483
- Adolescence:
  - chest pain and dyspnea on exertion in, exercise testing, 388
  - marijuana use in, behavioral, psychosocial and academic correlates, 264
  - muscle glycogenosis in, transaminase elevations and, 605
  - profound hearing impairment in, communication and special health care needs, 395
  - stress management techniques, 581
  - vitamin B<sub>12</sub> deficiency due to strict vegetarian diet, 662
- Adrenoleukodystrophy, 501
  - neonatal, 499
- AIDS (acquired immune deficiency syndrome):
  - immunization in, 140
  - in infancy, caretaker response to (in hospital), 30
  - transmission of HIV via immune globulin therapy, 97
  - uptake, 274
- Allergy, milk. *See* Milk allergy
- Alveolitis, extrinsic allergic, to dove antigens, 174
- Ampicillin sodium-sulbactam sodium (Unasyn), 523
- Anemia:
  - screening for, mean corpuscular volume and red cell distribution width in, 632
  - sickle cell. *See* Sickle cell anemia
- Antidiuretic hormone (ADH), inappropriate secretion of, in meningitis, fluid therapy and, 126
- Antihistamines, overdose, rhabdomyolysis and, 595
- Apnea:
  - infant home apnea monitoring, 383
  - during sleep. *See* Sleep apnea
- Appendicitis, undetected, mortality and, 573
- Ascities, as presenting sign of chronic granulomatous disease of childhood, 544
- Asphyxia, neonatal, renal function and, 334
- Asthma:
  - exercise-induced, 388
  - isoproterenol therapy, myocardial ischemia and, 419
- Attention deficit disorder:
  - drug therapy in, 262
  - laypeople's attitudes, 258
  - with hyperactivity. *See* Hyperactivity
- Aztreonam, 504

## B

- Behavioral disorders/problems. *See* Developmental and behavioral pediatrics
- Biofeedback, in stress management, 581

- Biopsy, in Hirschsprung's disease, 288
- Blood pressure, of healthy term new born, 21
- Body fat, distribution, in obese prepubertal girls, metabolic complications and, 310
- Bowel, small, obstruction, in Kawasaki disease, 193

## C

- Caffey's disease, sporadic congenital, 177
- Carbamazepine, toxicity, erythromycin-induced, 117
- Cardiology:
  - acute rheumatic fever in Utah, 547
  - cardiac rhabdomyoma in tuberous sclerosis, spontaneous regression of, 532
  - exercise testing in evaluation of chest pain and dyspnea on exertion, 388
  - intraosseous infusion in pediatric cardiac arrest, 546
  - myocardial ischemia complicating isoproterenol therapy of asthma, 419
  - rheumatic fever and pneumonia, 198
  - varicella myocarditis, life-threatening dysrhythmias in, 481
- Cardiorespiratory arrest:
  - in infant, intraosseous infusion in, 546
  - in normal newborn nursery, 369
- Casein, in diaper ointment, anaphylactic reaction to, 154
- Catheter/catheterization:
  - Malassezia furfur* fungemia and, in infants, 528
  - umbilical artery, in newborn, hypoglycemia and, 181
- Cefaclor, for preseptal cellulitis, "breakthrough" *H. influenzae* meningitis and, 132
- Cefuroxime axetil, for streptococcal pharyngitis, 453
- Celiac disease, sweat electrolytes in, 83
- Cellulitis:
  - E. coli*, in idiopathic nephrotic syndrome, 592
  - preseptal, cefaclor for, *H. influenzae* meningitis and, 132
  - retropharyngeal, group B streptococcal, 183
- Cerebritis, in Wegener's granulomatosis, treatment, 666
- Chest pain, exercise and, in children and adolescents, exercise testing in, 388
- Child abuse:
  - simulated "acquired" imperforate hymen following sexual abuse, 307
  - urinary tract infection in sexually abused children, 470
- Children's Depression Rating Scale, 245
- Chorionic gonadotropin, human (hCG), stimulation in cryptorchidism, 512, 517
- Coagulation inhibitors, acquired, in Rocky Mountain spotted fever, 459
- Colic, 69

## SUBJECT INDEX

- Colon, neonatal small left colon syndrome, intussusception and, 191
- Computed tomography (CT scan):
  - acute respiratory distress and bronchogenic cyst, 601
  - neonatal posterior fossa hemorrhage, 375
- Conjunctivitis, meningococcal, in newborn, 473
- Consensus conferences, 591
- Cryptorchidism, hCG stimulation in, 512, 517
- Cyanosis, in newborn, diagnosis and immediate care, 325
- Cyst(s):
  - bronchogenic, acute respiratory distress and, 601
  - epidermoid, of spleen, 203
  - hydatid, of lung, tension pneumothorax and, 422
- Cystic fibrosis, misdiagnosis of, 78
- Cytomegalovirus infection, congenital, with osteolytic lesions, 448

### D

- Depression, Children's Depression Rating Scale, 245
- Dermatology:
  - anaphylactic reaction to casein-containing diaper ointment, 154
  - chronic pigmented purpura, 657, 659
  - dermatomyositis in childhood, 561
  - dermatophytosis of diaper area, 149
- Dermatophytosis, in childhood, 561
- Dermatophytosis, of diaper area, 149
- Developmental and behavioral pediatrics:
  - academic difficulties in child labeled "unmotivated," 271
  - behavioral problems in adolescence, marijuana use and, 264
  - behavioral problems in preschool children, 248
  - drug therapy for behavioral disorders, laypeople's attitudes, 258
  - family interactions and nonorganic failure to thrive, 518
  - hyperactivity. *See* Hyperactivity
  - infant temperament, childhood accidents and hospitalization, 398
  - management of behavioral disorders, community model for physician, educator and parent collaboration, 235
  - pseudodementia in mentally retarded, 275
  - stress management techniques for children and adolescents, 581
- Diphenylhydantoin. *See* Phenytoin
- DNA spot hybridization, in congenital cytomegalovirus infection with osteolytic lesions, 448
- Down syndrome, hypospadias and urethral abnormalities in, 40
- Doxylamine, overdose, rhabdomyolysis and, 595
- Drug therapy:
  - for behavioral control, 262
  - laypeople's attitudes, 258
  - doxylamine overdose, 595
  - erythromycin-induced drug interactions, 117
  - generic drugs, 130

- intraosseous infusion in pediatric cardiac arrest, 546
- intravenous, in low birthweight infants, 25
- phenytoin, idiosyncratic reaction to, 120
- streptococcal pharyngitis, 453
- theophylline absorption from sustained release capsules, 285
- Dyspnea, on exertion, in children and adolescents, exercise testing in, 388

### E

- Echinococcosis. *See* Hydatid disease
- Education:
  - children with developmental and behavioral disorders, community model for physician, educator and parent collaboration, 235
  - delivering sensitive information to family of handicapped infant, 231
  - initial family interview, 548
  - physician/school teacher collaboration, 524
  - visually impaired infants, 241
- Electrolytes, in sweat. *See* Sweat test
- Embolization, splenic, for hematologic disorders and hypersplenism, hazards of, 292
- Emphysema, pulmonary interstitial, in newborn, 361
- Endocrinology:
  - screening for endocrine disease in dependent neonates of U.S. Armed Forces, 349
  - symptomatic hypothyroxinemia with normal TSH levels in preterm infants, 343
  - thyrotoxicosis, relapse markers in, 136
  - transient primary hypothyroidism in prematures, 339
- Epidermoid cyst, of spleen, marsupialization for, 203
- Epidermolysis bullosa registry, national, 642
- Epidermophyton floccosum*, diaper area dermatophytosis, 149
- Epispadias, with complete prepuce and phimosis, in neonate, 43
- Erythrocyte disorders, evaluation with mean corpuscular volume and red cell distribution width, 632
- Erythromycin, drug interactions, 117
- Escherichia coli* cellulitis, in idiopathic nephrotic syndrome, 592
- Exercise tests, chest pain and dyspnea on exertion in children and adolescents, 388
- Extracorporeal membrane oxygenation, in infant of term abdominal pregnancy with meconium aspiration syndrome complicated by pulmonary hypertension, 186

### F

- Failure to thrive:
  - nonorganic, family interactions and, 518
  - obstructive sleep apnea and, 90
  - psychosocial, sweat test in, 83
- Fatty acids, essential, serum levels, in hyperactive children, 406
- Finger(s), swelling of, in infant on PGE<sub>1</sub> therapy, 302

## SUBJECT INDEX

Fistula, subarachnoid-pleural, pleural effusion and, 416  
 Fluid therapy, in meningitis, inappropriate secretion of antidiuretic hormone and, 126  
 Free samples of baby items, 111  
 Fromont anomaly, 142

### G

Gastroenterology:  
   congenital hypertrophic pyloric stenosis, 412  
   gastroesophageal reflux, 55, 66  
   Hirschsprung's disease, 288  
   intussusception and hypertension, 196  
   neonatal intussusception associated with small left colon syndrome, 191  
   small bowel obstruction complicating Kawasaki disease, 193  
   steatorrhea, urolithiasis and enteric hyperoxaluria, 304  
   visceral larva migrans, 441  
 Gastroesophageal reflux, 55  
   milk-thickening agents for, 66  
 Genetics:  
   Down syndrome, urogenital abnormalities, 40  
   thumb polydactyly and thenar hypoplasia, 142  
 Genitourinary system:  
   abnormalities, in Down syndrome, 40  
   cryptorchidism, hCG stimulation in, 512, 517  
   epispadias with complete prepuce and phimosis in newborn, 43  
   simulated "acquired" imperforate hymen following sexual abuse, 307  
   urinary tract infection in sexually abused children, 470  
 Germs, nursery school children's view of illness, 465  
 Glucose, blood level, in infant, lumbar puncture and, 477  
 Glycogenosis, muscle, elevated transaminases and, 605  
 Granular cell tumor, gingival, congenital, 372  
 Granulomatous disease of childhood, chronic, ascites as presenting sign in, 544  
 Grief reaction, to sudden infant death in normal newborn nursery, 369  
 Growth and development. *See* Developmental and behavioral pediatrics; Failure to thrive

### H

Hearing impairment, profound, in adolescent, communication and special health care needs, 395  
 Hematology:  
   acquired coagulation inhibitors in Rocky Mountain spotted fever, 459  
   acute lymphoblastic leukemia, clinical and biological features, 623  
   blood glucose level and leukocyte count in infants, lumbar puncture and, 477  
   collaborative study, management issues, 615

combined iron deficiency and lead poisoning, free erythrocyte protoporphyrin and, 644  
 erythrocyte disorders, evaluation with mean corpuscular volume and red cell distribution width, 632  
 neutropenia, transient, 639  
 paroxysmal nocturnal hemoglobinuria presenting as recurrent hemolytic uremic syndrome, 319  
 sickle cell anemia. *See* Sickle cell anemia  
 sickle cell disease, proptosis, skull infarction, and retroorbital and epidural hematomas in, 536  
 Hematoma, epidural and retroorbital, in sickle cell disease, 536  
 Hemolytic uremic syndrome:  
   CNS involvement, plasma exchanges for, 651  
   lacunar infarction of basal ganglia in, 586  
   recurrent, paroxysmal nocturnal hemoglobinuria presenting as, 319  
 Hemoperitoneum, in newborn, rupture of falciform ligament and umbilical vein and, 316  
 Hemophilia, collaborative study, 615  
*Hemophilus influenzae* type B, meningitis, cefaclor therapy and, 132  
 Hemorrhage:  
   intracranial: in sickle cell disease, 536  
   in term infants, 355  
   posterior fossa, in newborn, 375  
 Hepatitis B vaccine (Recombivax HB), 270  
 Herpetic Pharyngitis, 619  
 Heterotopic ossification, acute leg swelling and, in comatose adolescent, 541  
 Hirschsprung's disease, biopsy in, 288  
 Histiocytoma, fibrous, of larynx, 200  
 HTLV-III (human T-cell lymphoma virus). *See also* AIDS  
   transmission via immune globulin therapy, 97  
 Hydatid disease, of lung, tension pneumothorax and, 422  
 Hyperactivity:  
   clinical characteristics and serum essential fatty acid levels in, 406  
   recurrent otitis media in infancy and, 253  
 Hyperoxaluria, enteric, urolithiasis and, in steatorrhea, 304  
 Hyperpeptic acidemia, 500  
 Hypersensitivity pneumonitis, to dove antigens, 174  
 Hypertension, intussusception and, 196  
 Hypnosis, in stress management, 581  
 Hypoglycemia, refractory, in newborn, umbilical artery catheterization and, 181  
 Hypoplasia, thenar, 142  
 Hypospadias, in Down syndrome, 40  
 Hypothyroidism, transient primary, in premature infant, 339  
 Hypothyroxinemia, with normal TSH level, in preterm infant, 343

### I

Idiopathic thrombocytopenic purpura, collaborative study, 615

## SUBJECT INDEX

Immune globulin therapy, HTLV-III transmission and, 97

### Immunization:

- hepatitis B vaccine, 270
- in HTLV-III-infected child, 140
- human diploid cell rabies vaccine, 291
- influenza A (H1N1), 60
- rubella, during pregnancy, 17

Imperforate hymen, simulated "acquired," sexual abuse and, 307

### Infant:

- Achromobacter xylosoxidans* meningitis in, 483
- AIDS in, caretaker response to (in hospital), 30
- apnea, home monitoring, 383
- Caffey's disease, sporadic congenital, 177
- cardiac arrest, intraosseous infusion for, 546
- colic in, 69
- congenital hypertrophic pyloric stenosis in, 412
- dermatophytosis of diaper area in, 149
- gastroesophageal reflex in, 55
- milk-thickening agents for, 66
- handicapped, physician's role in delivering sensitive information to family of, 231
- low birthweight: intravenous drug therapy in, 25
- neurologic sequelae, 223
- lumbar puncture in, blood glucose level and leukocyte count and, 477
- Malassezia furfur* fungemia in, 528
- otitis media, recurrent, later hyperactivity and, 253
- prostaglandin E<sub>1</sub> therapy in, digital swelling and, 302
- radiographic exposure, outpatient, 296
- Refsum disease in, 500
- scurvy in, 598
- small bowel obstruction complicating Kawasaki disease in, 193
- temperament, childhood accidents and hospitalization and, 398
- transient neutropenia, 639
- visually impaired, medical and educational needs, 241

Infant, newborn. *See* Neonatology

Infantile cortical hyperostosis, 177

### Infectious disease:

- acquired immune deficiency syndrome. *See* AIDS
- bacterial meningitis, 431
- congenital cytomegalovirus infection with osteolytic lesions, 448
- direct probe assays, 230
- Escherichia coli* cellulitis in idiopathic nephrotic syndrome, 592
- group B streptococci: retropharyngeal cellulitis in newborn, 183
- sepsis, rhabdomyolysis and acute renal failure in neonate, 189
- Hemophilus influenzae* meningitis, 132
- Malassezia furfur* fungemia in newborn, 528
- meningitis. *See* Meningitis
- meningococcal conjunctivitis in newborn, 473
- respiratory syncytial virus infection, 45

streptococcal pharyngitis, 453

varicella myocarditis, 481

### Intussusception:

- hypertension and, 196
- neonatal small left colon syndrome and, 191

Influenza vaccine, 60

Iron deficiency, lead poisoning with, free erythrocyte protoporphyrin and, 644

Isoproterenol, for status asthmaticus, myocardial ischemia and, 419

## K

Kawasaki disease, small bowel obstruction in, 193

Keratitis, *Acanthamoeba*, contact lens wear and, 151

Kidney failure, in newborn, 189

asphyxia and, 334

Kidney transplantation, anti-rejection monoclonal antibodies for, 188

## L

Lacrimal puncta, congenital absence of, congenital absence of salivary glands and, 366

### Larynx:

- fibrous histiocytoma in, 200
- sarcoidosis, 486

Lead poisoning, iron deficiency with, free erythrocyte protoporphyrin and, 644

Leg swelling, in comatose adolescent, heterotopic ossification and, 541

Legionnaires' disease, direct probe assay for, 230

Letters to the editor, 156, 287, 318, 365, 476, 664

Leukemia, acute lymphoblastic, 623

Leukocyte count, in infant, lumbar puncture and, 477

Liver disease, in progressive neuronal degeneration of childhood, 167

Liver transplantation, psychiatric liaison to recipient, 93

Lumbar puncture, in infant, blood glucose levels and leukocyte count and, 477

Lymphoma, non-Hodgkin's, presenting as thyroid enlargement, 152

## M

*Malassezia furfur* fungemia, in infancy, 529

Marijuana, use by adolescents, behavioral, psychosocial and academic correlates, 264

Meconium aspiration syndrome, pulmonary hypertension complicating, in infant of term abdominal pregnancy, extracorporeal membrane oxygenation in, 186

Meditation, in stress management, 581

### Meningitis:

- Achromobacter xylosoxidans*, 483
- bacterial, diagnosis and treatment, 431
- fluid therapy in, SIADH and, 126
- H. influenzae* type B, 132

Meningococci, conjunctivitis, in newborn, 473

## SUBJECT INDEX

Mental retardation:  
 early detection, 215  
 pseudodementia in, 275  
 Metabolism:  
 disorders, screening in dependent neonates of U.S. Armed Forces, 349  
 in obese prepubertal girls, body fat distribution and, 310  
 Milk allergy, anaphylaxis to cutaneous exposure to casein-containing diaper ointment, 154  
 Milk-thickening agents, in bottle-fed infants with gastroesophageal reflux, 66  
 Monoclonal antibodies, anti-rejection, for kidney transplantation, 188  
 Muscle glycogenesis, elevated transaminases and, 605  
*Mycoplasma pneumoniae* infection, direct probe assay for, 230  
 Myocardial ischemia, isoproterenol therapy of status asthmaticus and, 419  
 Myocarditis, varicella, 481

### N

Neonatology:  
 acute renal failure, 189  
 adrenoleukodystrophy, 499  
 asphyxia in term newborn, renal function in, 334  
 blood pressure of healthy term newborn, 21  
 cardiac rhabdomyoma in tuberous sclerosis, spontaneous regression of, 532  
 cardiopulmonary adaptation to extrauterine life, monitoring via pulse oximetry, 19  
 cardiorespiratory arrest in normal newborn nursery, grief reaction to, 369  
 congenital cytomegalovirus infection with osteolytic lesions, 448  
 cyanotic newborn, diagnosis and immediate care, 325  
 early pulmonary interstitial emphysema, 361  
 epispadias with complete prepuce and phimosis, 43  
 group B streptococcal retropharyngeal cellulitis, 153  
 hemoperitoneum and umbilical vein rupture, 316  
 hypoglycemia, umbilical artery catheterization and, 181  
 hypothyroxinemia with normal TSH level in preterm infants, 343  
 intravenous drug therapy in low birthweight infant, 25  
 intussusception associated with small left colon syndrome, 191  
 meningococcal conjunctivitis, 473  
 posterior fossa subdural hematoma, 375  
 premature infant, transient primary hypothyroidism in, 339  
 preterm infant: hypothyroxinemia with normal TSH level, 343  
 resuscitation at delivery, monitoring via pulse oximetry, 19

screening for metabolic and endocrine disease in dependent neonates of U.S. Armed Forces, 349  
 symptomatic intracranial hemorrhage in term infant, 355

#### Nephrology:

*Escherichia coli* cellulitis in idiopathic nephrotic syndrome, 592  
 hemolytic uremic syndrome. *See* Hemolytic uremic syndrome  
 kidney failure in neonate, 189  
 asphyxia and, 334  
 kidney transplantation, 188  
 renal function in term newborn, asphyxia and, 334  
 Neurofibromatosis syndrome, congenital oral tumor and, 372

#### Neurology:

cerebritis in Wegener's granulomatosis, treatment of, 666  
 CNS involvement in hemolytic uremic syndrome, plasma exchanges for, 651  
 lacunar infarction of basal ganglia in hemolytic uremic syndrome, 586  
 neurologic sequelae of low birthweight children, 223  
 progressive neuronal degeneration of childhood with liver disease, 167  
 vitamin B<sub>12</sub> deficiency due to strict vegetarian diet in adolescent, 662  
 Neuronal degeneration, progressive, of childhood, with liver disease, 167  
 Neutropenia, transient, 639  
 Night terrors, 505  
 Nuclear medicine, diagnostic, minimizing exposure to embryo, fetus and infant, 39

#### Nutrition:

scurvy, 598  
 strict vegetarian diet in adolescent, vitamin B<sub>12</sub> deficiency and, 662  
 sulfite food preservatives, 124

### O

Obesity, metabolic complications in prepubertal girls, body fat distribution, and 310  
 Omphalocele, giant, nonsurgical management, 35  
 Ophthalmology:  
 lacrimal puncta, congenital absence of, 366  
 neonatal meningococcal conjunctivitis, 473  
 ocular larva migrans, 441  
 visual impairment, 241  
 Oral cavity:  
 congenital tumor, neurofibromatosis syndrome and, 372  
 strangulation of uvula by hair wrapping, 599  
 Orthopedics:  
 osteolytic lesions in congenital cytomegalovirus infection, 448  
 skull infarction in sickle cell disease, 536  
 sporadic congenital Caffey's disease, 177  
 Ossification, heterotopic, acute leg swelling and, in comatose adolescent, 541

## SUBJECT INDEX

- Otitis media:  
 with effusion, air travel and, 567  
 recurrent, in infancy, later hyperactivity and, 253  
 Otolaryngology:  
 deafness. *See* Hearing impairment  
 fibrous histiocytoma of larynx, 200  
 laryngeal sarcoidosis, 486  
 otitis media. *See* Otitis media  
 salivary glands, congenital absence of, 366  
 uvula strangulation by hair wrapping, 599

### P

- Pain chest, in children and adolescents, exercise testing in, 388  
 Pancreatitis, hemorrhagic, valproic acid therapy and, 98  
 Paroxysmal nocturnal hemoglobinuria, presenting as recurrent hemolytic uremic syndrome, 319  
 Peritonitis, spontaneous bacterial, ascites in, chronic granulomatous disease of childhood and, 544  
 Peroxisomal disorders, 497  
 Pharmacology. *See* Drug therapy; *specific drugs*  
 Phenoxymethyl penicillin, for streptococcal pharyngitis, 453  
 Phenytoin, idiosyncratic reaction to, 120  
 Plasma exchange therapy, for CNS involvement in hemolytic uremic syndrome, 651  
 Pleural effusion, subarachnoid-pleural fistula and, 416  
 Pneumonia, rheumatic, 198  
 Pneumonitis, hypersensitivity, to dove antigens, 174  
 Pneumothorax, tension, in pulmonary hydatid disease, 422  
 Polydactyly, thumb, 142  
 Pregnancy:  
 abdominal, full-term, meconium aspiration syndrome complicated by pulmonary hypertension in infant, 186  
 diagnostic nuclear medicine procedures in, 39  
 rubella immunization during, 17  
 Progressive pigmentary dermatosis, 657, 659  
 Proptosis, in sickle cell disease, 536  
 Prostaglandin E<sub>1</sub> (PGE<sub>1</sub>) infusion, in infant with cyanotic congenital heart disease, digital swelling and, 302  
 Protoporphyria, free erythrocyte (FEP), combined iron deficiency and lead poisoning and, 644  
 Pseudodementia, in mentally retarded girl, 275  
 Psychiatry:  
 behavioral disorders. *See* Developmental and behavioral pediatrics  
 depression in children, 245  
 hyperactivity. *See* Hyperactivity  
 night terrors, 505  
 photos of neonatal intensive care unit patients, mother and child's response to in later years, 576  
 psychiatric liaison to liver transplant recipient, 93  
 Psychosocial pediatrics:  
 alternative methods of reproduction, effect on the child, 11

- family interactions and nonorganic failure to thrive, 518  
 marijuana use by adolescents, 264  
 Pulse oximetry, for monitoring resuscitation of pre-term newborn in delivery room, 18  
 Purpura:  
 chronic pigmented, 657, 659  
 idiopathic thrombocytopenic, 615  
 Pyloric stenosis, congenital hypertrophic, epidemiologic survey, 412

### R

- Rabies, prevention, pre-exposure intradermal immunization with human diploid cell rabies vaccine, 291  
 Radiography, outpatient, in first 5 years of life, 296  
 Recombivax HB (hepatitis B vaccine), 270  
 Refsum disease, 500  
 infantile, 500  
 Relaxation training, in stress management, 581  
 Reproduction, alternative methods, effects on the child, 11  
 Respiratory syncytial virus infection, ribavirin aerosol for, 45  
 Respiratory system:  
 acute respiratory distress and bronchogenic cyst, 601  
 apnea. *See* Apnea  
 hypersensitivity pneumonitis due to dove antigens, 174  
 pulmonary interstitial emphysema in newborn, 361  
 rheumatic pneumonia, 198  
 status asthmaticus, isoproterenol therapy and myocardial ischemia, 419  
 tension pneumothorax complicating pulmonary hydatid disease, 422  
 Rhabdomyolysis:  
 doxylamine overdose and, 595  
 group B streptococcal sepsis and, 189  
 Rhabdomyoma, cardiac, in tuberous sclerosis, spontaneous regression, 532  
 Rheumatic fever:  
 acute, in Utah, 547  
 pneumonia in, 198  
 Ribavirin aerosol (Virazole), 45  
 Rocky Mountain spotted fever, acquired coagulation inhibitors in, 459  
 Rubella, vaccination during pregnancy, 17

### S

- Salivary glands, congenital absence of, alacrima with, 366  
 Sarcoidosis, laryngeal, 486  
 Schamberg's disease, 657, 659  
 Scurvy, 598  
 Sickle cell anemia:  
 collaborative study, 615  
 in white American child, 648

## SUBJECT INDEX

Sickle cell disease, proptosis, skull infarction and intracranial hematomas in, 536

Skull infarction, in sickle cell disease, 536

Sleep apnea:

home monitoring for, 383

obstructive, failure to thrive and, 90

Sleep disorders, night terrors, 505

Spleen:

epidermoid cyst, marsupialization for, 203

transcatheter embolization of, hazards, 292

Steatorrhea, urolithiasis and enteric hyperoxaluria in, 304

Streptococcus(i):

group A beta-hemolytic, pharyngitis, 453

group B: neonatal acute renal failure and, 189

neonatal retropharyngeal cellulitis and, 183

Stress management, techniques for, 581

Sudden infant death syndrome, 369

Sulfite food preservatives, 124

Sweat test:

abnormalities, associated conditions, 85-87

in celiac disease, 83

in psychosocial failure to thrive, 83

### T
